Chapter 1 by Gizmo

We've been running our whole lives no time to catch our breath at all. Trying not to leave a trail to us I grabbed the fire and put it out covering it in the dirt, so they didn't find us....her. I knew she was lying to me from the start. She was one of them.....the creatures or as they called them a savage. I couldn't.....I wouldn't turn her in she was too important to me and to this world. On the P.P website, her face popped up everywhere. Nobody could access it but me.....there is two things she doesn't know.....the first is that 1 out of ten on a computer is I'm a 10 and the second is I'm one of her.....

also known as a genius because of the disease. I was the only one like she's the only one of her case.....I'm known as 10 times Einstein at age 16 but she was worth more because she was the une spéciale also known as the special one.....
